Subject: Call for Papers & Sessions: IEFS Sessions at 80th International Atlantic Economic Conference (IAES) at Boston, Massachusetts between 8-11 October 2015.

Dear IEFS Members: If you would like to present a paper or organize an IEFS session at IAES conference, then please send IEFS an e-mail to iefsxx@gmail.com by Monday, June 1st, 2015. The e-mail should include the following information:

- **To submit a paper:** the paper title, abstract, and list of authors (with affiliations, e-mail and mailing addresses.) Please title your e-mail as "IAES 2015 Submission - Paper."

- **To propose a session:** session title, paper titles, abstracts, and lists of authors (with affiliations, e-mail and mailing addresses.) Please title your e-mail as "IAES 2015 Submission - Session." The session time allocation is two hours. A typical session includes a chairperson, three or four papers, and two to four discussants, with at least one discussant assigned to comment on each paper. Other formats, such as panels or roundtables, may also be used. To have a better idea about sessions, read IAES Guidelines for Conference Session Organizers.

The submitters are supposed to be IEFS members at the time of submission. The selected papers and/or sessions will be determined as soon as possible, since we are working on a strict deadline. If your paper/session is accepted, you will be notified when Dr. Hakan Yilmazkuday submits your session to IAES, at which time you should register for the conference at the following link:

https://iaes.confex.com/iaes/80am/registration/call.cgi

There is NO submission fee for the IEFS organized sessions, although participants are supposed to pay for their registration fees.

Thank you,

Hakan Yilmazkuday, Ph.D.
