

PYTHON WORKSHOP

Department of Economics

Python Workshop taught by Dr. Alfonso Rodriguez once again!

This two-day workshop will take place on:
Friday, January 17 and Saturday, January 18
Time: 8:00 AM - 12:00 PM
Classroom: TBA

This workshop serves as an introduction to Python programming, designed to help students build a strong foundation for using Python in data analysis classes and their future careers.

Important Details:

- Please bring your computer with Python and the scientific stack pre-installed.
- You will receive a certificate of completion at the end of the two-day workshop.
- Spots are limited; *RSVP by scanning the QR code:

We look forward to seeing you there!
