Course Description and Purpose

Managerial economics is the study of applying economic analysis to managerial decision making. The primary focus of managerial economics is to understand how managers make economic decisions by allocating the scarce resources at their disposal. A manager must understand the behavior of other decision makers, such as consumers, workers, other managers, and governments to make an accurate decision. In this class, we study decision making by such participants in the economy, and we show how managers can use this understanding to be successful.

Course Objectives

Upon completing this course, students will be able to:

1. Apply economic reasoning to business decisions.
2. Understand the fundamentals of individual and firm behavior.
3. Estimate simple equations using regression and apply them in an economic context.
4. Use optimization to determine equilibria under a variety of market structures.
5. Apply game theory to economic decision making.
6. Analyze advanced pricing strategies under market power.
7. Explain the role of uncertainty on business decision making.
8. Explain the role of asymmetric information on business decision making.
9. Explain the role of government policies on business decision making.

Important Information

Policies

Please review the [FIU's Policies and Netiquette](http://online.fiu.edu/html/canvas/policies/) webpage. The policies webpage contains essential information regarding guidelines relevant to all courses at FIU, as well as additional information about acceptable netiquette for online courses.

As a member of the FIU community you are expected to be knowledgeable about the behavioral expectations set forth in the [FIU Student Code of Conduct](http://studentaffairs.fiu.edu/get-support/student-conduct-and-conflict-resolution/).

ARTIFICIAL INTELLIGENCE (AI) USE Policy

You are discouraged from using any AI tools and any text- generating software (such as ChatGPT, iA Writer, Marmot or Botowski). Remember that the material generated by these programs may be inaccurate, incomplete, or otherwise problematic. Beware that use may also stifle your own independent thinking and creativity. Hence, **any use of AI tools will be treated as plagiarism**. Please contact your instructor if you are unsure or have questions BEFORE using AI for any assignment.

Technical Requirements and Skills

One of the greatest barriers to taking an online course is a lack of basic computer literacy. By computer literacy we mean being able to manage and organize computer files efficiently and learning to use your computer's operating system and software quickly and easily. Keep in mind that this is not a computer literacy course; but students enrolled in online courses are expected to have moderate proficiency using a computer. Please go to the "[What's Required](https://fiuonline.fiu.edu/experience/what-is-required.php) [↗](https://fiuonline.fiu.edu/experience/what-is-required.php) (https://fiuonline.fiu.edu/experience/what-is-required.php)." webpage to find out more information on this subject.

Accessibility and Accommodation

The Disability Resource Center collaborates with students, faculty, staff, and community members to create diverse learning environments that are usable, equitable, inclusive, and sustainable. The DRC provides FIU students with disabilities the necessary support to successfully complete their education and participate in activities available to all students. If you have a diagnosed disability and plan to utilize academic accommodations, please contact the Center at (305) 348-3532 or visit them at the Graham Center GC 190.

For additional assistance please contact FIU's [Disability Resource Center](https://dasa.fiu.edu/all-departments/disability-resource-center/) [↗](https://dasa.fiu.edu/all-departments/disability-resource-center/) (https://dasa.fiu.edu/all-departments/disability-resource-center/).

Academic Misconduct Statement

Florida International University is a community dedicated to generating and imparting knowledge through excellent teaching and research, the rigorous and respectful exchange of ideas and community service. All students should respect the right of others to have an equitable opportunity to learn and honestly to demonstrate the quality of their learning. Therefore, all students are expected to adhere to a standard of academic conduct, which demonstrates respect for themselves, their fellow students, and the educational mission of the University. All students are deemed by the University to understand that if they are found responsible for academic misconduct, they will be subject to the Academic Misconduct procedures and sanctions, as outlined in the Student Handbook.

Academic Misconduct includes: **Cheating** – The unauthorized use of books, notes, aids, electronic sources; or assistance from another person with respect to examinations, course assignments, field service reports, class recitations; or the unauthorized possession of examination papers or course materials, whether originally authorized or not. **Plagiarism** – The use and appropriation of another's work without any indication of the source and the representation of such work as the student's own. Any student who fails to give credit for ideas, expressions or materials taken from another source, including internet sources, is responsible for plagiarism.

Learn more about the [academic integrity policies and procedures](http://online.fiu.edu/student/resources/policies.php) as well as [student resources](http://online.fiu.edu/student/resources/academic-integrity-resources.php) that can help you prepare for a successful semester.

Panthers Care & Counseling and Psychological Services (CAPS)

If you are looking for help for yourself or a fellow classmate, Panthers Care encourages you to express any concerns you may come across as it relates to any personal behavior concerns or worries you have, for the classmate's well-being or yours; you are encouraged to share your concerns with [FIU's Panthers Care website](https://dasa.fiu.edu/all-departments/dean-of-students/).

[Counseling and Psychological Services \(CAPS\)](https://dasa.fiu.edu/all-departments/counseling-and-psychological-services/) offers free and confidential help for anxiety, depression, stress, and other concerns that life brings. Professional counselors are available for same-day appointments. Don't wait to call (305) 348-2277 to set up a time to talk or visit the online self-help portal.

Managerial Economics and Strategy, 3rd Edition with MYLAB

Jeffrey M Perloff, University of California-Berkeley and James A. Brander,
University of British Columbia

Publisher: Pearson

MyLab Economics with Pearson eText -- Instant Access -- for Managerial
Economics and Strategy

ISBN-13: 9780134899671

Textbook Notes: You can buy or rent the book in print or e-text through the Pearson's website or FIU bookstore. If you have the previous edition, you can use the previous edition, too.

MyLab and Mastering: Access to MyLab and Mastering is REQUIRED for this course. An e-version of the textbook is already included in the package when you purchase the access to the content of this course on My Lab and Mastering, so **purchasing a physical copy of the textbook is not necessary**; however, should you still prefer, you could purchase/rent the physical version of this textbook. There are two options for the purchase of the MyEconLab access code (prices may vary):

1) You can buy access through FIU bookstore or 2) You can register through Canvas course homepage.

Regardless of how the access code is purchased, students have to register on MyLab and Mastering through Canvas course homepage. MyLab and Mastering offers free, temporary access for a trial period of about 14 days. All the coursework accomplished during this trial period will be preserved when the registration is renewed. It is a student's sole responsibility to promptly renew their temporary registration to avoid the disruption of their coursework progress.

Note: I recommend you always enter your MyLab Economics course through Canvas.

Please follow this link to learn more about how to use [MyLab and Mastering](https://fiuhelp.force.com/canvas/s/article/Pearson-MyLab-and-Mastering-Students)

Expectations of this Course

This is an online course, meaning that most of the coursework will be conducted online. Expectations for performance in an online course are the same as for a traditional course; in fact, online courses require a degree of self-motivation, self-discipline, and technology skills that can make them more demanding for some students. Though I have no doubt that you will achieve great results.

Students are expected to:

- **Review the Getting Started information** located in Modules
- **Introduce yourself to the class** during the first week by posting a self-introduction in the appropriate discussion forum
- **Take the practice quiz** to ensure that your computer is compatible with the LMS
- **Interact** online with instructor(s) and peers
- **Review** and follow the course calendar
- Log in to the course at least **3 times** per week
- Respond to discussion boards within **2 days**
- Respond to **emails/messages** within **2 days**
- Submit assignments by the corresponding deadline

The instructor will:

- Log in to the course at least **3 times** per week
- Respond to discussion boards within **2 days**
- Respond to **emails/messages** within **2 days**
- Grade assignments within **1 week** of the assignment deadline

Course Communication

Communication in this course will take place via the Canvas Inbox. Check out the [Canvas Conversations Tutorial](https://community.canvaslms.com/t5/Video-Guide/Canvas-Overview-Students/ta-p/383771)

5. Quiz time is 30 minutes.

Failing to follow these instructions could result in a violation.

Mylab offers extra sources of practice such as Study Plan. Study plan on Mylab is not mandatory but highly recommended.

Job Simulation:

What are Forage Job Simulations?

Forage is an online platform that offers free virtual work experience programs designed by top companies. These simulations provide students with real-world tasks, insights into career paths, and an opportunity to develop practical skills in various industries.

Forage job simulations can be an excellent addition to your syllabus to provide students with hands-on experience and insights into professional roles in their field of study. Below is a structured guide and information you can use to incorporate Forage job simulations into your syllabus.

How Forage Simulations Fit Your Learning Objectives

1. **Hands-On Learning:** Reinforce theoretical concepts with real-world applications.
2. **Career Exploration:** Expose students to potential career paths in economics, business, and other related fields.
3. **Skill Development:** Build critical skills like data analysis, problem-solving, decision-making, and professional communication.
4. **Portfolio Building:** Enhance employability by completing simulations that can be included on resumes and LinkedIn profiles.

Please see the [video](https://youtu.be/vv-HjDKOeWg?si=IPhRZuTRltwxrRai)  (<https://youtu.be/vv-HjDKOeWg?si=IPhRZuTRltwxrRai>) on Forage.

You need to complete 4 job simulations through the semester. The due date for all job simulations is **April 26, 2025**. It is strongly suggested that you complete one job simulation every 3-4 weeks as each simulation takes 3-8 hours.

There are 10 job simulations options among which you can choose. On top of those 10 simulations, you are given options of choosing your own simulation (up to two) based on your career interest.
