Please DO NOT PURCHASE the textbook in any format. Details will be provided in class.

Course Outline

Our plan is to cover the bulk of the chapters in the text for this course. However, given the 16-week instruction period in the semester, we necessarily will have to omit some chapters. We will not cover Chapters 18-19. We may have to omit a few more chapters due to shortage of time. This is to be determined as the course progresses. Below is a tentative lecture plan. The chapters will be covered in essentially the same sequence as in the text.

End-of-Term Examination on Thursday Dec 12 at 9:45-11:45 am in GL 100A

Assessment
There will be several homework assignments collectively worth 40 percent, two midterm examinations each worth 20 percent, and an end-of-term exam worth 20 percent of the course grade.

Homework Assignments
All homework assignments are to be completed online within Flatworld homework assessment system online. There will be a homework associated with every chapter we cover in the course. The homework assignments need to be completed on time as per the deadline indicated. The website will be unable to accommodate late assignments for any reason whatsoever and students will automatically earn a score of zero for such assignments.

Examinations
All examinations will be based entirely on multiple-choice questions. Examinations are to be taken in the classroom.

Schedule of Midterm Examinations
The schedule for the midterms is as follows:
Midterm 1 – Tuesday Oct 08, Chapters 1-6 (both inclusive, including Appendix to Chapter 2)
Midterm 2 – Tuesday Nov 05, Chapters 7-10 (inclusive)
The midterms will be for 75 minutes duration.

End-of-Term Exam
The end-of-term exam is scheduled for Thursday Dec 12. This exam is comprehensive. This exam will be from 9:45 - 11:45 am in GL 100A.

Makeup Examination
There will be no makeup examination under any circumstances.
Improving Course Grade

There are no extra credit assignments for this course.

Grades

The final course grade will be based on the cumulative total score in the course comprising of the scores on the homework assignments, two midterms, and the end-of-term exam. Letter grades will be based on the distribution (“curve”) of these final scores of all students in the course. Depending on the overall performance of the students, the minimum total score required to obtain a particular grade (“the cutoff”) will be determined at the end of the semester.

General Guidelines for Improving Performance in the Course

Reading Text

Reading the textbook regularly and keeping up with the course is the most important way to ensure a good grade. Each chapter has about thirty pages and it is just impossible to read all the material overnight for the midterms. Instead, the weekends before the midterms should be reserved for consolidating the concepts already learned rather than learning new material.

Lecture Notes

Lectures notes provide an idea of what is important in each chapter from the instructor’s point of view. This will help students focus better on material relevant for preparing for exams. However, merely reading lecture notes is not to be considered a substitute for reading the textbook.

Academic Misconduct

Florida International University is a community dedicated to generating and imparting knowledge through excellent teaching and research, the rigorous and respectful exchange of ideas, and community service. All students should respect the right of others to have an equitable opportunity to learn and honestly demonstrate the quality of their learning. Therefore, all students are expected to adhere to a standard of academic conduct, which demonstrates respect for themselves, their fellow students, and the educational mission of the University. All students are deemed by the University to understand that if they are found responsible for academic misconduct, they will be subject to the Academic Misconduct procedures and sanctions, as outlined in the Student Handbook.
